Hi all,

Just sent out an updated invite with Adobe Connect instructions so we can share a screen with you during the call. We wanted to share a presentation from Sean Ramach of EPA HQ about the applicability of 316(b) to hydroelectric facilities (also attached to this email, in case you want to review before the call). We'll walk through all of this info on Tuesday. Hope the Board meeting is going well in the meantime!

Kind regards,

Amelia Whitson
